Forward-Looking Statements

This communication contains certain forward-looking statements. A forward-looking statement is any statement that does not relate to historical facts and events, and can be identified by the use of such words and phrases as “according to estimates”, “anticipates”, “assumes”, “believes”, “could”, “estimates”, “expects”, “intends”, “is of the opinion”, “may”, “plans”, “potential”, “predicts”, “projects”, “should”, “to the knowledge of”, “will”, “would” or, in each case their negatives or other similar expressions, which are intended to identify a statement as forward-looking. This applies, in particular, to statements containing information on future financial results, plans, or expectations regarding our business and management, our future growth or profitability and general economic and regulatory conditions and other matters affecting us.

Forward-looking statements reflect our management’s (“Management”) current views of future events, are based on Management’s assumptions and involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. The occurrence or non-occurrence of an assumption could cause our actual financial condition and results of operations to differ materially from, or fail to meet expectations expressed or implied by, such forward-looking statements. Our business is subject to a number of risks and uncertainties that could also cause a forward-looking statement, estimate or prediction to become inaccurate. These risks include fluctuations in the prices of raw materials or employee costs required by our operations, its ability to retain the services of certain key employees, its ability to compete successfully, changes in political, social, legal or economic conditions in Egypt, worldwide economic trends, the impact of war and terrorist activity, inflation, interest rate and exchange rate fluctuations and Management’s ability to timely and accurately identify future risks to our business and manage the risks mentioned above.
